With the month of September, 1910, G. SCHIRMER'S GALAXY OF ORCHESTRA MUSIC began its second year. The success which has attended this enterprise from the very start has exceeded all expectations. We can point with pride to a list of many hundred subscriptions, comprising among them the names of the foremost orchestra conductors in the United States.

SUBSCRIPTIONS are accepted any time or may be antedated (not beyond the life of the subscription) to insure the receipt of previous issues.

We are glad to announce that, for the making of our orchestrations, in addition to MR. OTTO LANGEY, whose name as an arranger ranks among the foremost in the world, we have been fortunate enough to secure the services of the famous French composer and musician MR. ERNEST GILLET, who now has in preparation quite a number of pieces for the season 1910-1911, and who will probably contribute also some original compositions of his own.
