IUVENTVTIS PRINCIPIBUS

Dominis meis clementissimis.

VÆ Serenissimæ Matri vestræ CLAUDIÆ,
Dominæ meæ clementissimæ placuerunt
olim natalitiæ Odæ, anniversariâ religione
nato Seruatori, ad cunas, in Aulæ vestræ
sacrario accini solitæ; proximè superioribus
annis in modos hosce musicos redegei, & nūc
Serenissimo vestro nomini communiter in-
scribo consecrôq;. Quo enim diuinæ Chri-
sti infantia naniolas aliò destinarem, quàm
ad tenerrimam oculissimâque Austriacæ Domus ætatulam? ad
quam natiuo etiam jure pertinent: siquidem nonnullæ earum
vestrâ voluntate à me compositæ, à vobis prope etiamnum balbu-
tientibus phonaſcis, in publico Aulæ theatro, cum plausu, aliquo-
ties

ries recitatae, cantillatae fuerunt: quando ipsis Ianuarijs Kalendis Serenissimae Matri, more veteri, felicia ineuntis tunc anni auspicia fuistis precati; non sine liquido Serenissimae Matris gaudio, & pijs multorum spectantium & audientium lacrimis; quibus vos Serenissimiq; Cantores Actoréq; prosequerantur. Rectè: nec enim pupas in lectulis condidistis; aut earum cunabula mouentes, (ut reliquae pueritiae mos amat) conciliando somno naniolas admurmurastis: sed quando vicinia omnis natalitij carminibus personabat, etiam vos ad structa Dei nascentis puluinaria ritè pieque accinnuistis: nec diuinas solum aures, candidissimis votis, sed Serenissimae Matris etiam, Diuinissimae Christi Infantiae cum primis studiofae, saepius permulsistis. Odis igitur meis; quibus maximam gratiam canendo aspersistis, admissionem date: id si impetrauerint, operae pretium tulisse se putabunt: illud vnum deinde ego à Supremo Numine ardentissimis votis efflagito; ut lectissimos vos Principes mihi, Patriae, Imperioque multos Annos incolumes conferret. Ita voueo! Oeniponti, Kal. Ian. M. DC. XXXVIII.

Infimus Seruus

**Ioannes Stadlmayr
Musicae Praefectus.**

Salve mi Philomuse.

DEdi antea Annos aliquot Cantiones Natalitias in lucem; sed easdem cantilenas nolui
repetere, etiamsi multi desiderarent: quare novorum cupidior, novas has accipe:
Instrumenta Musica quantumvis desint, pleraque cantari tamen & usui esse possunt,
omissis solum pausis, quae duabus lineis inclusa sunt, & quae Instrumentorum Symphonia
occupat, ut notatum subscriptumque reperies. Ceterum si Instrumentorum tibi copia sit;
quo plura, diuersa etiam, praecentiu succentiuque adhibueris, eo festiuorem & latiore
efficies concentum. Hoc te scire volui: Vale, & lata laetus canta.
